Yard Management Systeme 2.0

Vorteile

Verbesserte Dock-Nutzung und Priorisierung.

Einfach umzusetzende Anpassungen in Echtzeit.

Compliance & Carrier Performance Log.

Umfangreiche Reduktion manueller Arbeit + Savings.

Fahrer-Kooperation und Attraktive Ladestelle.

Messbarkeit + Automatisierung.

The screenshot displays the 'Dispatch Visitors' and 'Manage Tasks' interface. It features a grid of dock slots (B-1 to B-5, C-1 to C-6, D-1 to D-6, E-1) with various status indicators. A detailed view of a shipment is shown, including:

- Shipment:** REF 20190 - INBOUND
- Shipment Nr:** 103019
- Partner Name:** H. Essers
- Mobile number:** +32 499 96 74 85
- Slot duration:** 20m
- Approved on:** 29/11/2021 11:47:50

Other visible elements include a sidebar with navigation icons, a top navigation bar, and a right-hand panel with 'Asset info' and 'Quickactions'.

Been there very often lately, no delays so far. Upon arrival at the parking outside of the company's premises, one should check in at the e-registration point at the entrance (no personel) and then you wait for an SMS in which SMS you have the necessary information in which Building (5A, 5B etc) and the dock number you have to go for unloading.

You can stay on the parking overnight but the downside is there is no toilet. Therefore 4 stars.

There is parking in front of the entrance. Upon arrival, register at the electronic kiosk, in front of the barrier, get a ticket. When registering, indicate your phone number, you will receive an SMS on which warehouse / ramp to call. We got on the ramp, go inside, show the workers the reference number, the loading started ..
