Our Sorter DNA

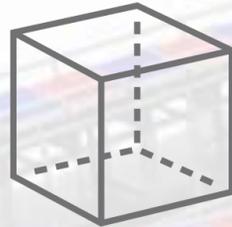

When consider a sorter?

High throughput for single item picking, order picking, and parcel handling

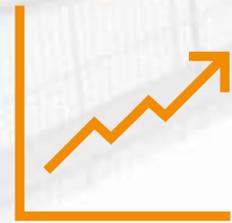

> approx. 2,5 million items a year

> approx. 20,000 pieces to sort per day

Article dimensions

- Min. 50x50x1 mm
- Max. 690x600x400 mm
- Weight range: 50 gram – 25 Kg

Increase efficiency

- Low investment & TCO
- Stand-alone in midsize project
- Accelerator in highly sophisticated intralogistics project
- Keep it simple, reliable & economical

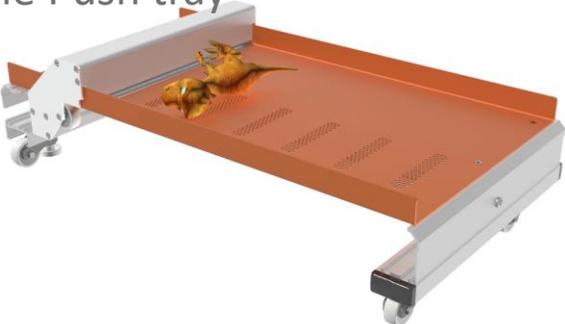

Target Markets

-   **Post & Parcel**
-   **Fashion**
-   **Pharmacy**
-   **Consumer Goods**
-   **Media Distribution**
