

**Baitech**  
data

Wer kennt dieses Unternehmen?

“

More than 50% of companies' strategic decisions turn out to be wrong.

”

“More than 50% of companies’ strategic decisions turn out to be wrong.”

### How companies plan and take decisions

No system or Tool

Only Scorecards, Excels and “gut feeling”

No flexibility or creativity

No simulations or forecasting

Only short-term decisions

No artificial Intelligence

# Solution

Creating a new level of Tools for decision making

AI Planning based on real predictions and simulations

Complex problem solving

Reliable and Trustworthy information

No more insecurities

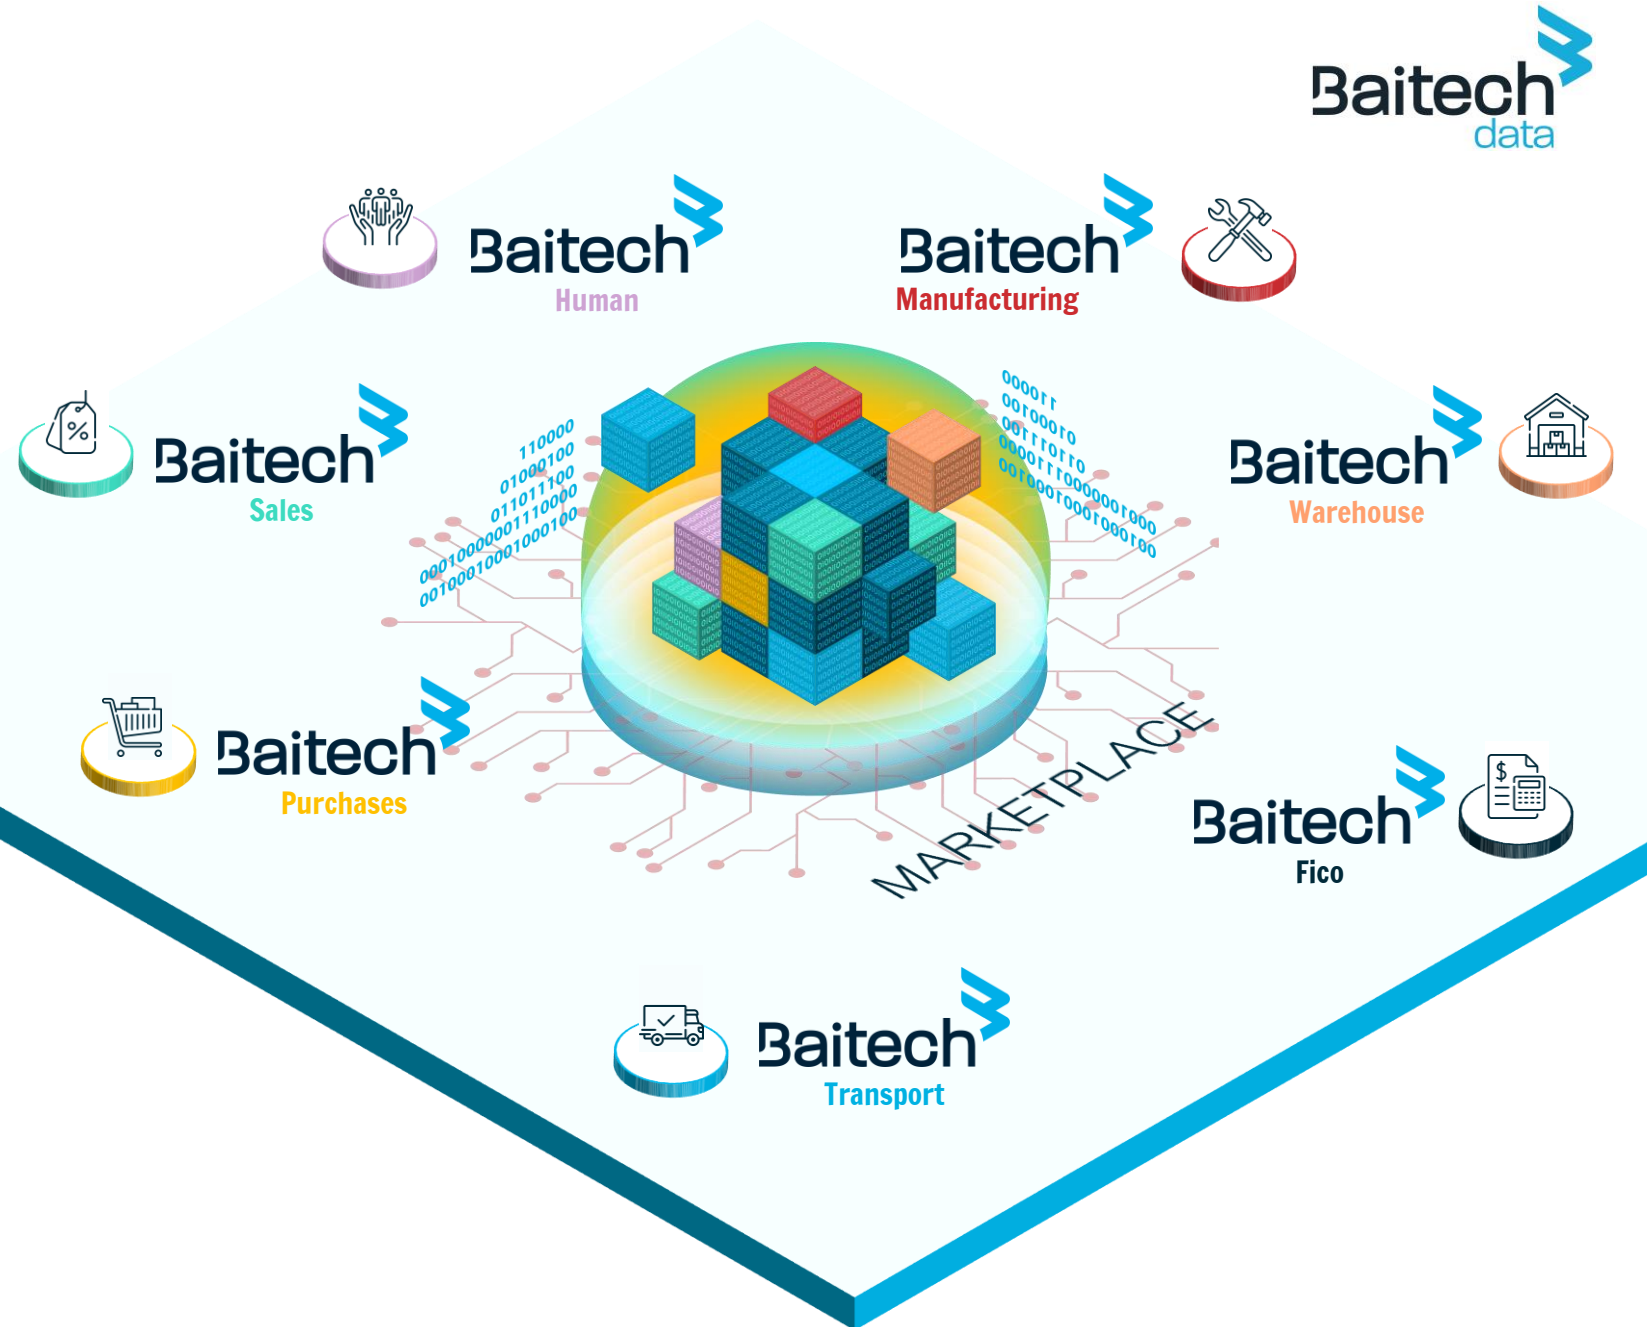

No more false decisions

# Our Product

Individual  
compilable  
modules
